What do the arrows on this diagram tell you?

- A** Lines AB and CD are the same length
- B** Lines AB and CD are parallel
- C** Lines AB and CD are perpendicular
- D** Lines AB and CD are corresponding angles

Correct Answer: A B C D

Explanation:

.....

.....

.....

.....

.....

.....

What do the marks on this diagram tell you?

- A** All the lines are the same length
- B** All the lines are perpendicular to each other
- C** All the lines are parallel to each other
- D** They indicate the midpoint of each side

Correct Answer: A B C D

Explanation:
