

## **GCSE Maths Takeaway 43 - Nets, Plans and Elevations**

| Name:  | Date:                                |
|--|--------------------------------------|
| Name the polyhedron that can be made from this net | Correct Answer: A B C D Explanation: |
| A Rectangular pyramid                              |                                      |
| B Triangular prism                                 |                                      |
| c Rectangular prism                                |                                      |
| D Triangular pyramid                               |                                      |
|  |                                      |
| Which diagram is the net for a square              | Correct Answer: A B C D              |
| based pyramid?                                     | Explanation:                         |
|  |                                      |
|  |                                      |
| Net A Net B  |                                      |
|  |                                      |
| Net D  |                                      |
| Net C  |                                      |
|  |                                      |
|  | Correct Answer: A B C D              |
|  | Explanation:                         |
|  |                                      |
| The plan of the colid in the figure shows is       |                                      |
| The plan of the solid in the figure above is       |                                      |
| (A) (C)  |                                      |
| (B) (D)  |                                      |
|  |                                      |

| Correct Answer: A B C D |
|-------------------------|
| Explanation:            |
|                         |
|                         |
|                         |
|                         |
|                         |
|                         |
|                         |

| Correct Answer: A B C D Explanation: |
|--------------------------------------|
|                                      |
|                                      |
|                                      |
|                                      |
|                                      |
|                                      |
|                                      |
